Psychological / Behavioural Needs - Deep Dive Report

For Alex Rivera · About Ari Rivera · 2026-07-31

This report reflects one parent's perspective. It does not diagnose, provide clinical advice, or replace a mental health professional. Share it with your provider, mediator, or family professional for their input.

1. Psychological Profile

Reported diagnoses

- Anxiety Disorder
- ADHD

Current providers

- Child Psychologist

Medication: Yes · Attends therapy: Yes

At a glance

10 sections completed. 1 area(s) flagged. 0 area(s) recognised as strengths.

Sections flagged for follow-up

- Crisis Planning

8. Crisis Planning

Area to develop

Crisis planning is incomplete - some areas or emergency contacts are not shared.

Signals: Fewer than 3 crisis areas have a shared plan.

Recommendations

- Post a one-page crisis plan in both homes with emergency numbers and steps.
- Confirm both parents know the local 24/7 crisis line and pathway.
- Ask the therapist or paediatrician to help write a signed crisis protocol.
