BEFORE THIS DOCUMENT IS USED IN A COURT, MEDIATION, OR LEGAL SETTING

- Completed by Sam Parent & Riley Parent - the parent named above filled in every answer themselves.
- Answers are self-reported and not verified by a licensed clinician, court officer, or independent evaluator.
- Only one parent completed this reflection - the other parent's perspective is not included.
- This is not a custody evaluation and is not intended to replace one.
- Scores and dimensions are educational reflections - they are not clinical findings, diagnoses, or risk determinations.
- Nothing in this document is a recommendation about the child's best interest. Best-interest decisions are for the parents, their professionals, and - where appropriate - the court.

This document is a status summary generated on request. It contains no verbatim parent answers and is not intended to be filed with a court without professional review.
